

Terms and conditions for tenants:

Please read the following carefully.

The private accommodation service is a free service from Student Services Freiburg.

- **Registration:**

To register you need your admission papers, enrolment papers or student identification. You can then request accommodation offers. Your information is saved on the system for the purpose of providing accommodation. The records are subject to data protection.

- **Room offers:**

You can request a maximum of five accommodation offers per day. To request further offers the following day, you must inform us if the accommodation has been taken or not. This is to keep our database up-to-date and to avoid offering you already taken rooms.

- **Room viewing:**

Please bring your student identification to the room viewing. You will need to present it to the landlord. Rooms are only given to enrolled students.

- **Information emails:**

You will receive reminders and emails from the accommodation service. The emails regard accommodation offers and are not advertisements.
